Dear Sirs

### **GLOBE3 ERP**

Our goal is to source for a software solution that can support and cater to our business operation and accounting needs.

Globe3 ERP software has delivered to our requirements in terms of functionality and integration for our business.

With its group of experienced consultants and technical support helpdesk, TNO Systems has been responsive to our problems and queries and was always able to meet and exceed our expectations without compromises.

With their commitment in our IT project, we are able to upgrade our accounting and distribution system on time during the software implementation phase.

Globe3 ERP is user friendly, comprehensive and scalable. We would recommend it to all businesses looking for a team with great enthusiasm.

Thank you.

Yours truly,  
Finessco Engineering Pte Ltd
