Tel no : (65) 68995060 Fax no : (65) 68995061

Testimonial

Globe3 is an excellent ERP business management system that Tomoe Valve and its related companies have been using for several years. The system is flexible and user-friendly and TNO Systems has been able to customize precisely certain portions of the software to fit our very detailed business requirements.

We are very satisfied with our long-term partnership with TNO Systems and look forward to their continued professional support for our future business growth.

A handwritten signature in black ink, appearing to read "Anna Khoo". The signature is fluid and cursive, with a large initial "A" and a long horizontal stroke.

Anna Khoo
